Beverly Hills City Council Meetings Return to Virtual-Only Format

Beverly Hills, CA – The Beverly Hills City Council Thursday approved returning to a virtual-only format for City Council meetings until further notice. The decision comes following last week's revised Health Order from the Los Angeles County Department of Public Health (LACDPH) requiring face coverings in indoor public settings regardless of vaccination status. The virtual-only format will also apply to all City Commission meetings.

The City Council will continue to monitor the latest data from LACDPH. The virtual meetings can be watched live at beverlyhills.org/live or on BHTV (Spectrum Channel 10). To view agendas and public comment information, visit beverlyhills.org/councilmeetings.

For the latest COVID-19 information, visit beverlyhills.org/coronavirus.
