1) PUBLIC COMMENT

Members of the public will be given the opportunity to directly address the Committee on any item listed on the agenda.

Speakers: None

2) LA BREA SUBAREA BASIN PRELIMINARY DESIGN REPORT SUMMARY AND NEXT STEPS

- City Engineer Mark Cuneo presented a PowerPoint overview of the Michal Baker Preliminary Design Report.
- The Sand Pit and Coffee Bean Sites were discussed for their possible future uses pending Division of Drinking Water (DDW) approval.
- The investigation of a pipe that runs up La Cienega Boulevard was summarized.
- Costs for the recommended project were reviewed.
- The price per acre foot of water was discussed and compared with the Metropolitan Water District imported water costs.
- It was agreed that exploring new groundwater sources is advisable.
- Next steps include a Request For Proposal for the project preliminary 30% design, an EIR of the area, continuing the CCTV investigation on the La Cienega pipeline and continued coordination and approvals with DDW.
- City Council Liaisons requested all areas of the water costs be presented and discussed prior to moving forward with the La Brea Subarea Project.

3) ADJOURNMENT
