

November 2018,

Greetings,

Hope everyone is doing fine. I would like to fill you in on the latest CERT news.

On November 17th, we graduated 12 residents from our Community Program.

It was a great class that was enjoyed by all participants.

I have attached some pictures of the recent class.

In light of the recent wildfires in California, I have attached informational flyers on how to keep safe during a wildfire as well as the inevitable problem of localized flooding during rainstorms.

Hope everyone had a Happy Thanksgiving.

I hope to see you all on December 12th for our next refresher class (email forthcoming)

Hope to see you in December.

Chris Heyer

Deputy Fire Marshal
