

Certificate of Ineligibility Application

Certificate of Ineligibility Overview

Beverly Hills Municipal Code Section 10-3-3221 allows owners whose property is not listed on the Beverly Hills Register of Historic Properties to request a Certificate of Ineligibility to determine that the subject property is not eligible for landmark designation. If the Certificate of Ineligibility review determines that the property is ineligible for landmark designation, the property would be exempt from the provisions of the Historic Preservation Ordinance Beverly Hills Municipal (Title 10, Chapter 3, Article 32).

A Certificate of Ineligibility restricts the City from initiating proceedings to designate the subject property as a landmark for a period of seven (7) years from the date of issuance. While a certificate of ineligibility is in effect, the subject property shall not be listed on the local register and it will not be subject to the demolition or hold period restrictions provided in Beverly Hills Municipal Code Sections 10-3-3217 and 10-3-3218.

Administrative Procedures

Filing a Complete Application: The Director of Community Development and staff will review the application materials within thirty (30) days after submittal to determine completeness. If the materials are incomplete the City will promptly notify the applicant in writing of the missing information. Within thirty (30) days after submittal of the missing information, the City shall again review the application materials to determine if the application is complete. Copies of the application will also be provided to members of the commission by the director to enable commissioners to provide information to the director concerning the subject property where appropriate.

Preliminary Evaluation: Within thirty (30) days after the application is deemed complete, the Director of Community Development and staff shall prepare a preliminary evaluation stating whether the director finds that the subject property is an eligible property. A copy of the written preliminary evaluation will also be provided to the property owner via first-class mail. If the director determines that the property is not eligible, they shall issue the certificate of ineligibility; but if the director finds that the property is eligible for landmark designation the director shall not issue the certificate.

Cultural Heritage Commission Hearing: If the director declines to issue the certificate of ineligibility, the Cultural Heritage Commission shall consider the matter at its next regularly scheduled meeting; however, this meeting must be conducted not less than ten (10) days or more than thirty (30) days after the director's determination that the property is eligible. The City will provide the property owner, and their agents, a mailed notice of the date, time and place of the Cultural Heritage Commission meeting. It should be noted that a Cultural Heritage Commission meeting is only required in cases where the director declines to issue a certificate of ineligibility.

Appeals: Only the applicant is authorized to file an appeal of a Certificate of Appropriateness, and must do so within fourteen (14) calendar days after the commission's or director's decision, pursuant to Beverly Hills Municipal Code Section 1-4-102.
